DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-20, 25, and 26, drawn to recombinant DNA encoding Apop3 protein, Apop3 protein, process to make the protein, and the first method of using the first product.

Group II, claim(s) 21 and 22, drawn to monoclonal antibody which specifically binds to binds to an Apo3 protein that is at least 85 % identical to SEQ ID NO:6.

Group III, claim(s) 23, drawn to method of screening for a bioactive agent capable of binding to an Apop3 using the second product.

Group IV, claim(s) 24, drawn to method of screening for a bioactive agent capable of interfering with the binding of an Apop3 protein to RIP using the second product.

The inventions listed as Groups I-IV do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group II-IV do not share same technical features of group I because group II is directed to a product, i.e. antibody with different structural features and biological functions and groups III and IV are drawn to methods of using the second product.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one

Art Unit: 1642

or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
